

Application Data

Please fill in as much information as possible to help us supply a sizing/quotation for a Vent Silencer.

Project / Reference	<input type="text"/>
Service	<input type="text"/>
Type of gas/vapor	<input type="text"/>
Molecular Weight	<input type="text"/>
Cp/Cv	<input type="text"/>
Flow rate	<input type="text"/>
Pressure upstream of vent valve	<input type="text"/>
Pressure at inlet to silencer	<input type="text"/>
Upstream temperature	<input type="text"/>
Inlet temperature	<input type="text"/>
Valve / line size	<input type="text"/>
Connection size and type (Inlet)	<input type="text"/>
Un silenced noise level	<input type="text"/>
Desired silenced noise level	<input type="text"/>
